

**DAYMAR**  
COLLEGE

Dear Mr. Greg Bell:

In my life I have had the privilege of listening to some of the finest speakers in the world talk about success. I am always amazed of how somebody can hear the truth about success and never apply those principles. I believe that it is the speaker's obligation not only to present the success principles but to inspire the audience to use them. Without hesitation, you have mastered being able to do both. Your presentation to the Daymar College campus in Columbus, Ohio on May 2, 2017 has left an obvious impact on this community.

Each quarter, we have a gathering to celebrate the previous quarter's successes. The ceremony is named Celebration of Greatness. We gave out more awards this last quarter than we have previously. Students who have never earned awards before earned awards this time. Malik has been inspired to not only come to class but begin setting goals to earn more awards. Lea is always a good student is putting forth even more effort. Gwendolyn is asking about what can she do to make the campus a better place. These 3 examples are students who continue to speak about you. Your story, your knowledge, and passion has woke these and many more up.

It was our privilege to speak with our students. Mr. Bell you treated them to life changing information. At Daymar College, we can help anyone with a good work ethic and the right attitude. You have helped to set the right attitude. Thank you for taking the time to PASS the ball to us. If there is anything I can do to help you, please let me know.

Thank you,

Michael McMurray  
Campus Dean
